CARL NEIL CANNON

PICTURE-TORIAL: EYE CANDY

Nassau's masterful garden

Special

Imagine a brown patch of land and a couple of scraggly trees. Now see what happened next to the front door of the Nassau County Government Complex in Yulee.

Nassau County master gardeners, under the direction of Rebecca L. Jordi, UF/IFAS Nassau County horticulture extension agent, established a demonstration garden.

Others involved include local businesses and community volunteers. Thanks to Bea Walker, a master gardener, for the nomination. Tomorrow: An eyesore. Would you like to nominate some eye candy or an eyesore? E-mail: mike.clark@jacksonville.com.
